Report Type: Finance Rate (APR)

Report Description: Nobody likes paying subprime interest rates. Bring back your old customers with a Private Sale invite that focuses on the possibility of a lower interest rate based on improved credit scores. This is a great way to target a specific audience that has high residual F&I value. By default, selecting the Subprime option will return all customers with vehicle loans with an APR of 8.5% or higher. We've also allowed you the ability to extract a specific APR range. Use this option for customized targeting.
