Report Type: Vehicle Class

Report Description: This report will allow you to separate your customer leads based on one or more vehicle classes. By targeting an individual vehicle class we can send them mailers and invites that match the current type of vehicle they drive - for example, if you target Trucks, we can send invites with images of your current truck line-up, or of a

particular truck model you have many of on your lot. Choose the class(es) you would like to target from the list. When choosing more than 1, hold 'ctrl' while you select. We suggest not picking more than 3 for a report.
